

Now You Can Teach
An Old Garage
New Tricks.

Bringing Heat To Any Garage, New Or Old.

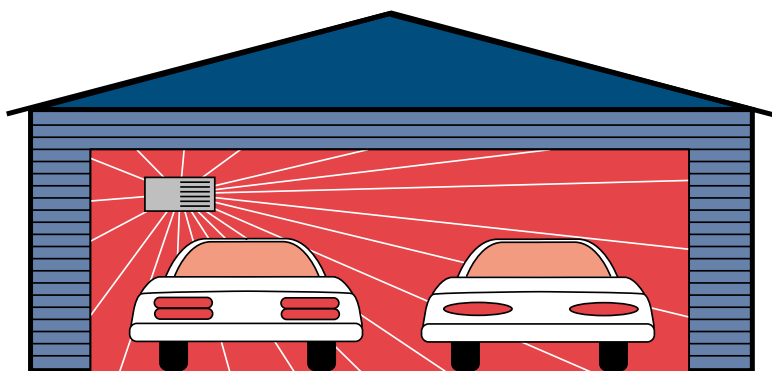

Low-Profile, Gas-Fired Residential Garage Heaters

Hot Dawg® – leading the pack in compact unit-heater versatility, performance and value.

- Available in the right size for just about any residential application.

<u>Unit</u>	<u>Btu/Hr Input</u>	<u>Application</u> ^①
HD30	30,000	1 to 1-1/2 Car Garage
HD45	45,000	2 to 2-1/2 Car Garage
HD60	60,000	3 to 3-1/2 Car Garage
HD75	75,000	Large Garage, Commercial & Light Industrial

- Certified for residential, commercial and industrial use.
- Quiet operation.
- Attractive low-profile design and neutral paint scheme assure that Hot Dawg will blend inconspicuously into any garage decor.
- Durable polyester-powder paint maintains life-long good looks.
- Standard power exhaust simplifies side-wall or roof venting with small-diameter vent-pipe.
- Versatile design allows for right or left-hand piping and installation. Gas, electrical and flue connections can be changed from one side to the other by simply flipping the Hot Dawg over.
- Lightweight, easily installs from ceiling with only 2 angle brackets (included).
- Installs quickly and easily with field wiring connections and knockouts for quick access to gas and electricity.
- Designed for natural gas or propane gas.
- Sealed, permanently-lubricated motor for trouble-free dependability.
- Full 10-year warranty on heat exchanger.
